This weekend being the anniversary of ANZAC our clubs will be offering their respects in one way or another.

Along with the ANZAC tribute at Chidlow a short remembrance will be offered for one of our retired umpires who passed earlier in the week.

Lindsay Hicks will be remembered for his significant contribution to the association over many years. Hundreds of games umpired including many finals.

Lindsay was inducted as a Hills Football Association life member in 2013. He spent five years as co umpire coordinator with his long time mate Mark (Tommo) Tomsons, making sure that umpires were assigned to all games.

On another note the HFA will be commencing an QR raffle to help raise some of the funds required to have team represent the HFA in the Nutrien AG country carnival. Full information will be provided on this site and through clubs when all details are finalised. In the meantime anyone wishing to support the team and HFA would be most welcome. The carnival offers players the opportunity to compete at a higher level. Sometimes against ex AFL and WAFL players. Over the years we have had some success in reaching finals and at our last carnival a HFA player was chosen as player of the carnival and we have had five players receive All Stars selection carnival

MIDLAND

Midland Tigers F.C. Would like to thank BRIAN & CARLEEN for allowing us to participate in the HILLS Competition 2026.

We played Gidgee last weekend at home. A Pretty even contest the first quarter was

Gidgee ran away with a sizeable lead at half time.

Midland fitness has to get better and when we do we will match any team for 4 quarters.

Best players were : Isaiah, Josh Eades, Shannon Coyne.

Looking forward to playing Pickering Brook at home this weekend and 1 of the teams will have their first win for the season Good Luck to Both teams.

MUNDARING

After a hard-fought win against Chidlow in round 1, our boys were ready to go in our first home game for the season against Mount Helena, who we knew would be a much-improved side from last year.

From the first bounce it was an even contest, with both teams fighting hard for the ball and for control of the game. The margin stayed within 2 goals for most of the game, until our boys decided it was time to wake up and put their foot down with 8 minutes to go and trailing by 1 point. The boys quickly turned the game around, dominating the centre clearances kicking 5 goals to end the game 28-point victors, 84 – 56.

The awards for this round went to Sateki A'Vard, Dylan O'Loughlen, Kyle Tenardi, Lachlan Nicol, Sam Butler and Brayden Shipley. Goal Kickers were Sam Butler

and Jay Savarese with two each, and single goals to Braeden Hilgert, Connor Musto, Dylan O'Loughlen, Jayk Jones, Kyle Tenardi, Lachlan Nicol, Oli Aitken and Oscar Jenkins.

Join us next Saturday night when we take on Midland at home.
Go the Roos!

CHIDLOW

The Cougars were back on the winners list this week with a strong performance across four quarters.

We didn't make the most of our opportunities early but stuck to the plan and kept working hard around the contest. The second half is where things really clicked, with our ball movement and pressure lifting to another level and reflected on the scoreboard.

It was great to see some of our younger players stand up when it mattered, taking their chances and playing an important role in the result.

After a few injuries last week, we were forced to trial some players in different positions — and the group adapted really well. The return of some experienced

heads also gave us great balance and composure across the ground.

A solid team effort and plenty to build on heading into next week. Thanks to Pickering Brook for a strong contest.

PICKERING BROOK

Home for the first time this season and celebrating a 100-game milestone, that only took 15 seasons to achieve!

We rolled out the red carpet, ran through the banner, and got pumped to take on a full-strength Chidlow. Another special occasion with a father son combo in Trev and Sam Deroost. Always a special moment when you take the same field as your son. There was a bit of tit for tat in the first 5 minutes, but a strong mark gave them the 1st. Jacko leaped high and with a textbook tap to Dekky, burning the opposition, sent it forward to a leading Bomber using his body well and the boys were on the board. Will got the job on McKinlay to start, one of the hardest jobs in Hills Football. He was doing his best to out body him, but he was too strong and kicked another goal. We hit back when Brendo squeezed one forward into the waiting hands of Sammy, with a quick sidestep slammed it home.

The lads in the guts were working hard, another big tackle from Rushy stopped them going forward, a nice chip to Milky in space and turned to hit Bomber on the lead with another strong mark and goal. After a tight first 10 minutes, they kicked into gear and kicked a couple on the trot. Unfortunately for Brendo, he was a step ladder to another specky from Luke. Our backline was trying to apply pressure, but even when we were tight on them, their pace and lack of pressure coming in made it too easy. We nearly had a 2nd, when Bomber used his body well, but was denied because their player went down easy. Anybody understand the new push in the back/bump from side rules? Whether we understand them or not, consistency in the calls is a MUST!

After regrouping at halftime, the lads weren't ready to lay down. Brookesy laid

a nice tackle, with the ball spilling out to Mono on the halfback, he collected it one handed and slammed it forward. A strong grab from Milky had him lining up from outside 50, he launched it to the top of the goal square and Dekky with strength broke the pack and snapped a goal. The other Dec had the job on Schorer and was holding his own, a contested possession found Mash running past, another kick to Bomber on a commanding lead, went back and slotted his 3rd. With our tails up, they stepped up a level and kicked a couple in a row. From the full-back line, Mitch sent it long past the 50m and a big contest from Jacko, got it to ground where Jono willed it forward Owies and finding Jehl on the lead. With composure, went back and slotted it. We battled hard, but they pushed the lead out to 50.

With some sore bodies we battled on in the final qtr, including Vellinga, who battled hard all day after an elbow injury. He was taking intercept marks and trying to get us moving, he found big Trev in the middle and he sent it forward, where Danos came steaming out and everyone moved out of his way as he split the pack open and found Bomber. After kicking a behind, they sent it long down the middle where their skipper was dominating the air. Between him and Luke, they must
